Item	Qty	Bid Amount	Premium	Fee	Tax	Total
------	-----	------------	---------	-----	-----	-------

**MSRP: \$45.99**

- **IMPORTANT!** - This blind is 33.5" wide to allow for mounting the blind inside a 34" wide window. Your blind will arrive to you exactly 33.5" wide. Our 2 Inch Faux Wood blinds are designed for a wide variety of window sizes and styles. Sizes stated within the product descriptions are listed by WIDTH then HEIGHT. See measuring instructions to ensure best fit.
- **Stylish Design & Durability:** The Embossed Faux Wood Blinds in Bright White feature a sophisticated textured wood pattern, enhancing contemporary home decor with style and warmth. Crafted from durable 2-inch PVC faux wood slats, they offer a smooth, moisture-resistant finish that prevents warping, peeling, or staining, making them ideal for various rooms including living rooms, bedrooms, dens, and kitchens.
- **Effortless Control with Cordless Design:** The cordless design is safe for homes with children and pets. Operate the blind effortlessly with a simple touch. Adjusting the slat position is easy with the cordless wand tilt control. Simply turn the wand for privacy, room darkening, and light control.
- **Designed for Your Living Space:** For width, measure your window horizontally at the top, middle, and bottom, recording the narrowest measurement. Choose the closest size, which will come with a 1/2-inch deduction for a proper fit. For height, measure the longest vertical distance from top to bottom. The blind can exceed your recorded measurement as the cordless feature allows the blind to stop at any position within the frame. Suitable for both Inside & Outside window mounting.

293 - Bike Trainer, Magnetic Bicycle Stationary Stand for Indoor Exercise Riding, 26-29" & 700C Wheels, Quick Release Skewer & Front Wheel Riser Block Included	1	10.99	1.54	0.00	0.91	13.44
<b>MSRP: \$119.98</b>						
<ul style="list-style-type: none"> <li>【Indoor Bike Trainers】 : One of the problems with cycling, though, is that when the weather gets bad, conditions can keep you off the road or trail. Maybe it is raining or is too windy outside, or perhaps you need to avoid rush hour traffic or an unsafe dusk ride. This is when you just mount your bike on to a bike trainer and get the exercise that you want, but at home. There is no reason why you can not exercise with your bike when the outside weather is bad.</li> <li>【Strong Structure &amp; High Load-bearing Capacity】 : The unfolded bicycle training stand forms a pyramid structure, which greatly improves the stability of the entire frame. Its strong material and stable structure enable it to withstand a weight of 330 pounds. In addition, any bicycle with a wheel diameter of 26 "to 29" including 700c can be fitted to our stand.</li> <li>【6 Level Resistance Adjustable】 : The trainer includes a drive-by-wire device so that you can change the resistance from your handle bars directly. You can adjust the magnetic resistor and switch the six resistance levels in seconds to meet your requirements about resistance and speed.</li> <li>【Smooth &amp; Low Noise Operation】 : There is almost no sound on the wheels on the riding platform. It is recommended to replace smooth tires during cycling training to reduce vibration, reduce indoor resonance or add carpet under the stage. In some cases it will be loud with MTB tires. If you owned a MTB with rough tires, careful to buy. Because MTB tires will be loud with all bike trainers, no matter how expensive it is.</li> <li>【Portable Folding Bike Exercise Stand】 : In order to facilitate users to carry and store our bicycle training rack, we designed it into a folding style. It just takes a minute to set it up, clamp your rear axle with the quick clamp and adjust the contact between the wheel and the polished roller. No need to use other tools, you can directly complete the installation and disassembly process by putting up or unfolding the stand.</li> </ul>
